

LOAN INTEREST RATE & FEES

YOUR STARTING INTEREST RATE (UPON APPROVAL)

The starting Interest Rate you pay will be determined after you apply. The rate will be established by your credit history, information you provide on the application, and other factors. If approved, we will notify you of the rate you qualify for within the stated range.

YOUR INTEREST RATE DURING THE LIFE OF THE LOAN

Your rate is variable. This means that your rate could move lower or higher than the rates on this form. The variable rate is based upon the one-month London Interbank Offered Rate (LIBOR) as published on *The Wall Street Journal's* website. For more information on this rate, see the Reference Notes.

Loan Fees

- **Origination Fee:** There is no origination fee for this program.
- **Late Charges:** If you do not make your monthly payment within 15 days of the due date, you will be assessed a late charge equal to 5% of the unpaid amount of the monthly payment or \$25, whichever is less.
- **Returned Check Charge:** \$25.
- **Collection and Default Charges:** In the event of a default, you may incur additional collection charges as permitted under applicable law.

YOUR STARTING INTEREST RATE WILL BE BETWEEN

5.125 % and 10.125 %

After the starting rate is set, your rate will then vary with the market.

Although the rate will vary after you are approved, it will never exceed

25 %

(the maximum allowable for this loan).

LOAN COST EXAMPLES¹

The total amount you will pay for this loan will vary depending upon when you start full principal and interest payments. Interest will begin accruing with the first disbursement. Any interest that is not paid during the "In-School Period" will accrue and will be added to your principal balance when you enter repayment. "In-School Period" means the time that the student is enrolled in school (if the student is an undergraduate, such enrollment must be on at least a half-time basis). This example provides estimates based upon three (3) repayment options available to you during the In-School Period.

REPAYMENT OPTION	AMOUNT PROVIDED	INTEREST RATE	LOAN TERM	TOTAL PAID OVER LIFE OF LOAN
(during the In-School Period)	(total of amounts provided directly to the student's school and directly to you)	(highest possible starting rate)	(how long you have to pay off the loan)	(includes associated fees)
1. PAY ONLY THE INTEREST Make monthly payments of interest but defer payments on the principal amount during the In-School Period.	\$10,000	10.125 %	180 MONTHS starting after the In-School Period	\$ 23,530.77
2. PAY INTEREST PLUS Make set monthly payments of interest plus an extra amount (available in increments of \$20) but defer payments on the full principal amount during the In-School Period. ²	\$10,000	10.125 %	180 MONTHS starting after the In-School Period	\$ 22,196.91 <small>(This example is based upon paying interest at the highest rate plus an extra \$20 per month; this amount will be lower if you pick an extra amount greater than \$20)</small>
3. MAKE FULL PAYMENTS Make monthly payments of full principal and interest.	\$10,000	9.625 %	180 MONTHS starting after disbursement	\$ 18,932.05

ABOUT THIS EXAMPLE ¹The repayment example assumes an In-School Period of forty-eight (48) months with a fifteen (15) year repayment term, and the repayment example is based on the highest starting rate currently charged and associated fees. ²Your set payment will be based upon the starting interest rate plus the amount (in increments of \$20) that you choose. If the variable interest rate increases so that this set payment is less than the interest only payment, the payment will then increase with the market to be at least interest only.
